Dear Ms. Levine:

Thank you for the opportunity to comment on the revisions to the 2008-2009 Qualified Allocation Plan. We support this revised plan. We appreciate the targeting of resources to those who are most in need and encourage the Michigan State Housing Development Authority Board to adopt the Plan at their November meeting.

We look forward to our continued collaboration through the Low Income Housing Tax Credit Program to establish housing units that are affordable and accessible.

Sincerely,

David T. Verseput, Director
Division of Community Living
Mental Health/Substance Abuse Administration
